INVESTING IN AMERICA

Across the United States, almost 8.5 million locations lack access to high-speed Internet service. **The Biden Administration’s Investing in America agenda aims to bridge this divide and connect everyone in America with affordable, reliable, high-speed Internet service.** Last year, the Administration launched the **Internet for All** initiative with \$65 billion from President Biden’s Bipartisan Infrastructure Law, \$25 billion from the President’s American Rescue Plan, and several other high-speed Internet programs. **Internet for All** will deliver high-speed Internet infrastructure to every corner of the country, enable working families to afford service, and ensure that everyone has the digital skills and devices they need to fully utilize the Internet. Together, we will close the digital divide and grow our economy from the bottom up and middle out.

Total State Funding:	\$2,272,742,369.74
-----------------------------	---------------------------

INFRASTRUCTURE

MO Funding Amount	Program Description	Awarding Agency
\$1,736,302,708.39*	The Broadband Equity, Access, and Deployment (BEAD) Program provides \$42.45 billion from President Biden’s Bipartisan Infrastructure Law to expand high-speed Internet access by funding planning, infrastructure deployment, and adoption programs across the country. *\$2,147,304.59 already awarded for Internet infrastructure planning.	NTIA, Department of Commerce
\$3,100,000.00*	The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program, funded by President Biden’s American Rescue Plan Act, delivers \$350 billion to state, territorial, local, and Tribal governments across the country to support their response to and recovery from the COVID-19 pandemic, including high-speed Internet deployment. *Figure represents dedicated high-speed Internet funding.	Department of the Treasury
\$196,700,000.00*	The Capital Projects Fund (CPF) provides \$10 billion from President Biden’s American Rescue Plan to states, territories, freely associated states, and Tribal governments to fund critical capital projects that enable work, education, and health monitoring in response to the public health emergency, including high-speed Internet infrastructure. *Figure represents dedicated high-speed Internet funding.	Department of the Treasury
\$149,966,244.00	The ReConnect Loan and Grant Program is a \$1.9 billion program funded through President Biden’s Bipartisan Infrastructure Law that provides funds for the cost of construction, improvement, or acquisition of facilities and equipment needed to provide high-speed Internet service in eligible rural areas.	Department of Agriculture
\$26,478,583.51	The Enabling Middle Mile Broadband Infrastructure Program provides \$1 billion from President Biden’s Bipartisan Infrastructure Law to reduce the cost of bringing high-speed Internet service to unserved and underserved communities by connecting local networks to major networks.	NTIA, Department of Commerce
\$42,241,427.00	The Broadband Infrastructure Program (BIP) provided \$288 million for states and Internet providers to expand Internet access to areas without service, especially to rural areas.	NTIA, Department of Commerce

This document does not constitute an authorization to start a project and is not a guarantee of funding. With regard to BEAD, this document also does not constitute the Notice of Available Amounts, which shall be issued separately.

DIGITAL EQUITY

MO Funding Amount	Program Description	Awarding Agency
\$1,385,625.00	The Emergency Connectivity Program funded by President's Biden's American Rescue Plan Act provides \$7.171 billion to support Internet services and connected devices for students, school staff, and library patrons in communities across the country.	Federal Communications Commission
\$827,338.00	The Digital Equity Act provides \$2.75 billion to establish three grant programs that promote digital equity and inclusion.	NTIA, Department of Commerce
\$2,980,070.84	The Connecting Minority Communities Pilot Program (CMC) provided \$268 million to help colleges and institutions that serve minority and Tribal communities.	NTIA, Department of Commerce
